MOTORWAY

M-400

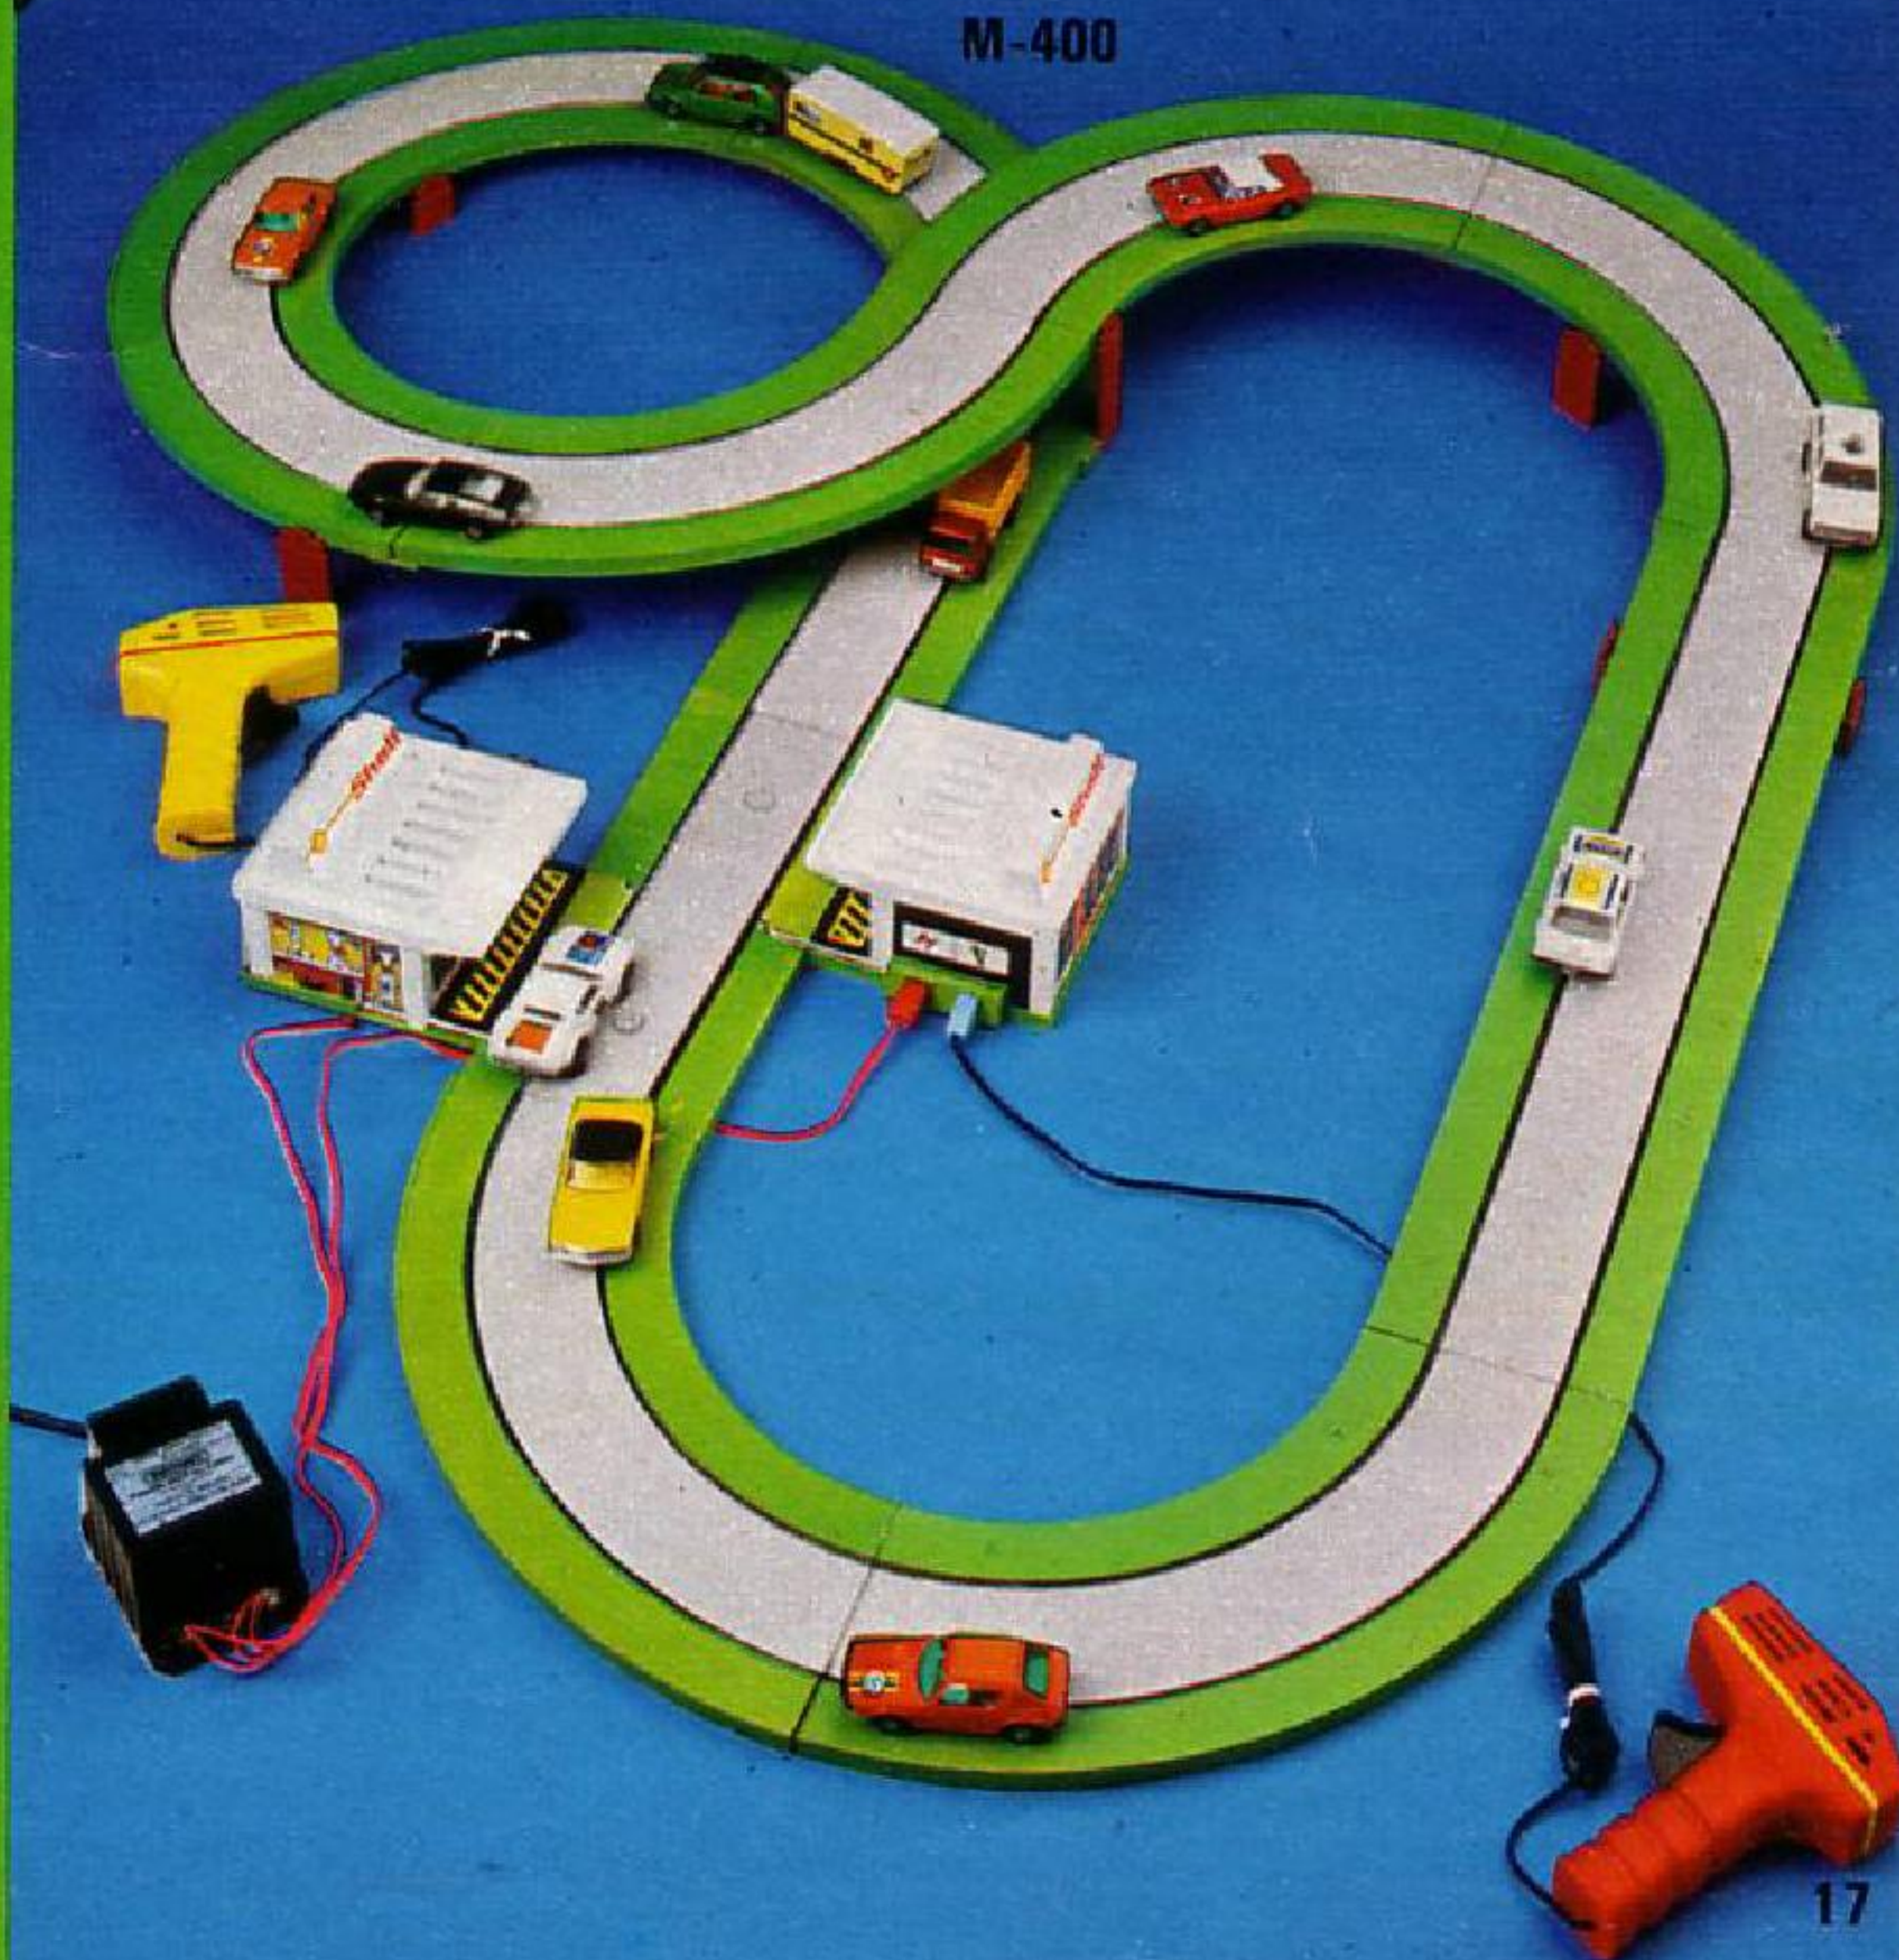

Bring real action to all your "MATCHBOX" 75 models on the new two lane "MATCHBOX" Motorway set. You can drive and control up to 12 of your "MATCHBOX" 75 cars, trucks and buses in each lane by fixing the special pins to the vehicles and using the hand controllers to make the pace. The Motorway set will also take the "MATCHBOX" 75 railway models.

(2 "MATCHBOX" 75 models and a 6 volt Power Pack are included).

NEW

M-400

GIFTSETS!

"MATCHBOX"

Playmats

***PM-1 Airport Playmat**

Control your own busy international airport with the "MATCHBOX" Airport Playmat. Cope with the frequent emergencies on the detailed layout of runways, hangars, control tower, car park, heliport and hotel.

Size 120 x 50cm.

For use with Skybuster models.

***PM-2 Seaport Playmat**

Aircraft Carrier in dry dock. Hovercraft unloading at hoverport. Crippled Frigate needing urgent repairs. Handle all the problems as harbour master with your own "MATCHBOX" Seaport Playmat.

Size 120 x 50cm.

For use with Sea King models.

***PM-3 "MATCHBOX" Playmat**

Now there is a playmat for your "MATCHBOX" 75 models. There's a roadway, town centre, construction site and farm and it all adds realism to your "MATCHBOX" play.

Size 120 x 50cm.

For use with "MATCHBOX" 75 models.

**Note - Models are not included.*

MATCHBOX®

PLAYSETS

NEW PS-4 Railway Goods Yard

The busy atmosphere of a railway goods yard is faithfully recreated with this new "MATCHBOX" Play Set. There are trains, side tipping trucks, railway track, plus a loadavator and working conveyor belt on which the granulated load is transferred from road to rail.

PS-1 Container Port

Re-create the hustle-bustle of today's modern Container Port. There's a gantry lift, a crane, a container ship, a train, 4 "MATCHBOX" models and 6 containers.

PS-2 Beach Head Assault

Action packed fun, launch the rockets and knock down the ruined buildings. There are two landing craft and 3 "MATCHBOX" 75 military vehicles, fences, hedges and military figures.

PS-3 Sea Kings Harbour

Design your own Sea Kings Harbour. There are jetties, buildings, cranes, barges, an oil rig, a lighthouse, a "MATCHBOX" 75 hovercraft and Sea Kings frigate.

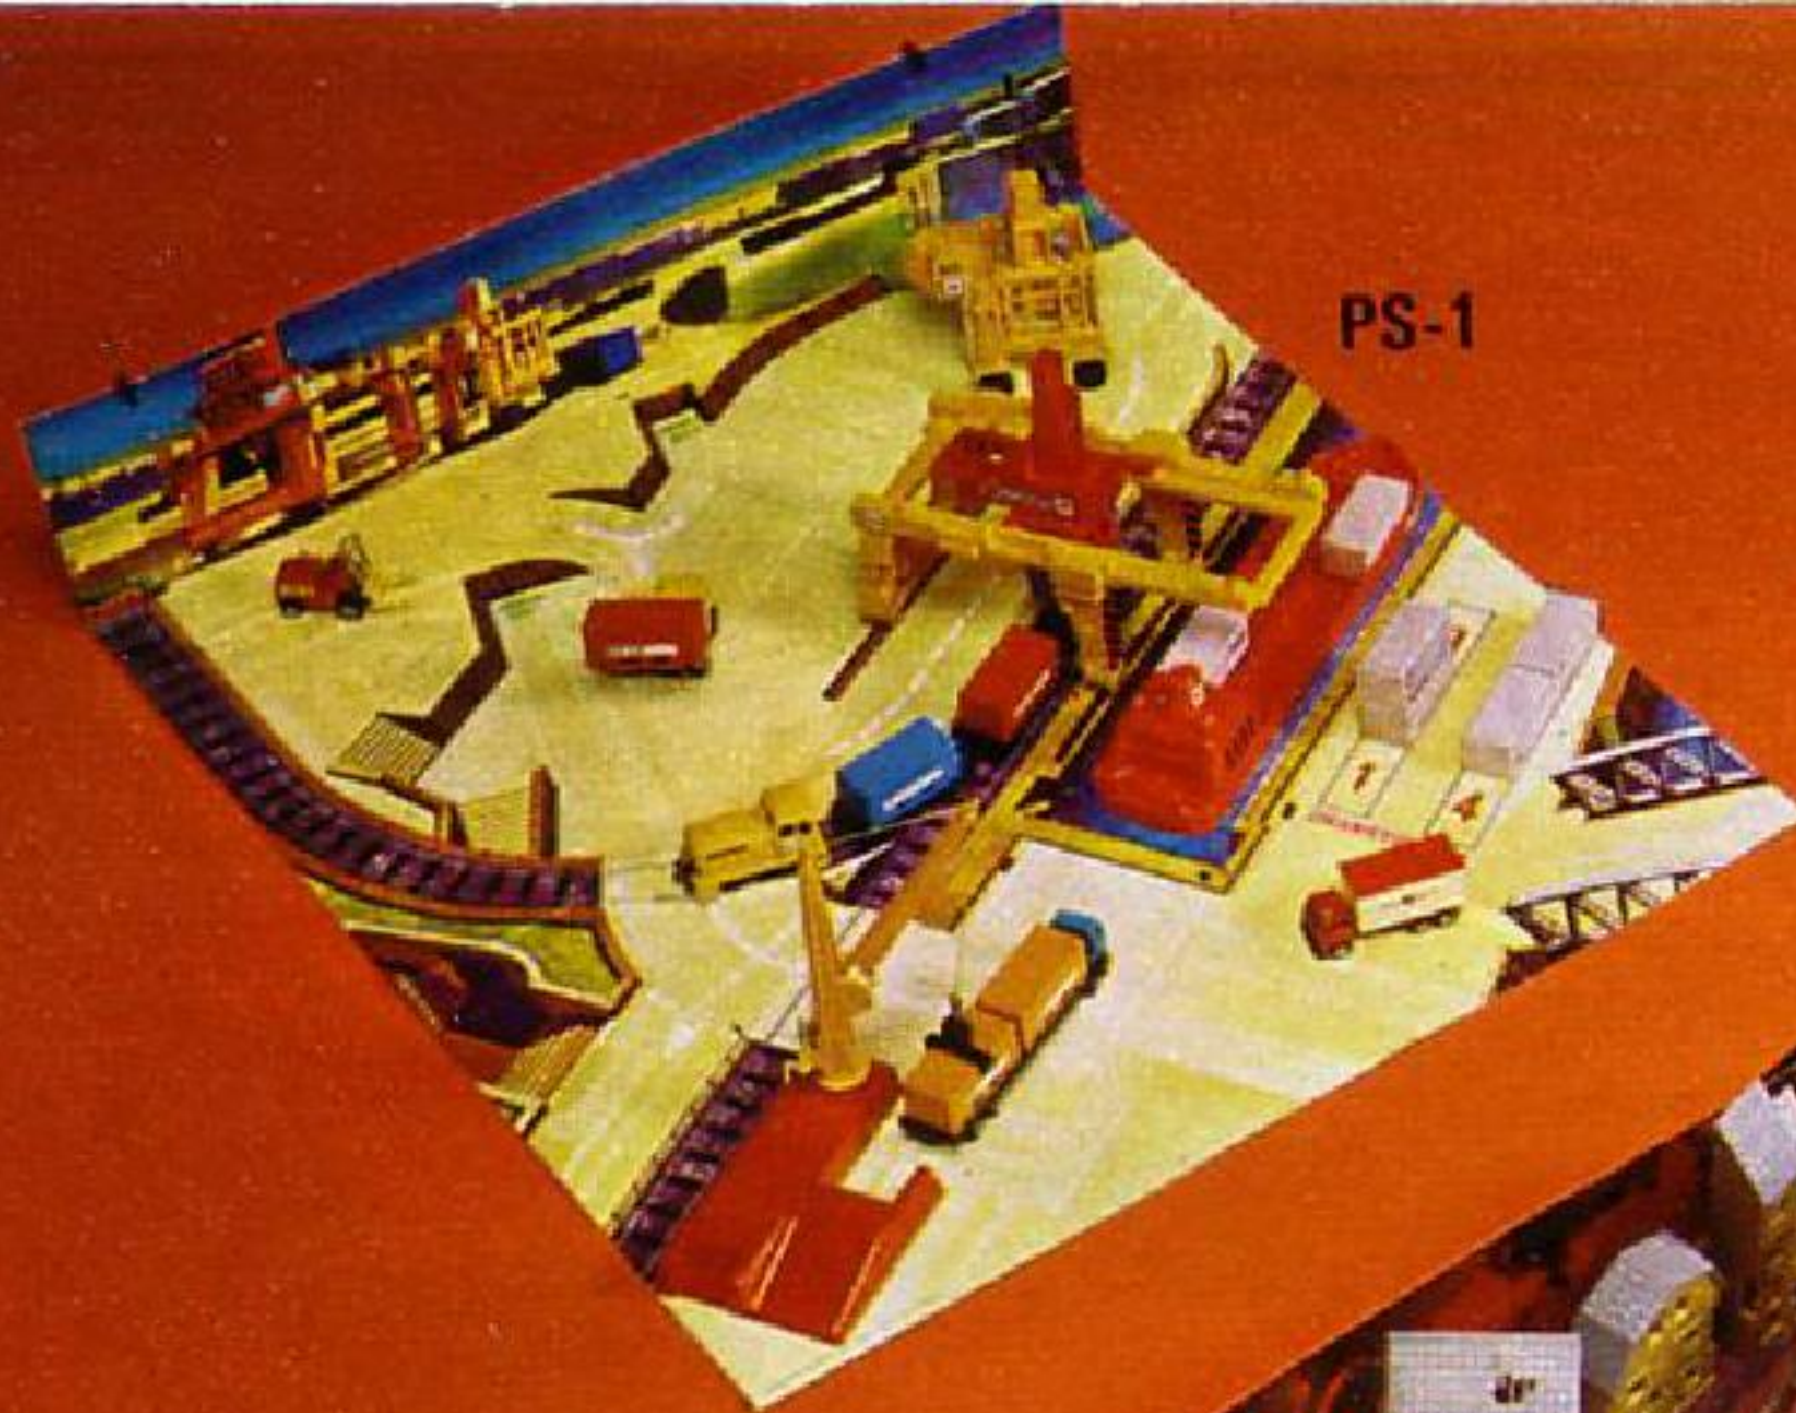

All playsets come complete with a large multi-colour playmat.

PS-4

PS-1

PS-3

PS-2

MATCHBOX®

PLAY TRACK

Designed for use with "MATCHBOX" 75 vehicles, Playtrack is a versatile construction toy enabling you to design and build a variety of complete play situations. And when play is over you can put the components back in the box and carry them around with you. *Note cars are not included with PL-1, PL-2 and PL-3.*

PL-1

Containing 4 buildings, 11 lengths of Playtrack, 5 corners, roads signs, trees and more. You build the layout you choose because each component is interchangeable with another.

PL-2

More parts means more fun. Design and build a busy village scene. There is a garage, 4 buildings, 16 lengths of Playtrack, a cross roads, roads signs, trees and other accessories.

PL-3

This is the big set enabling you to build a complex road/town play situation. There's a garage, a bridge, 8 buildings, 22 lengths of Playtrack and car parking areas for your "MATCHBOX" 75 models. Plus of course the roads signs, trees and figures and the accessories that make "MATCHBOX" 75 Playtrack such fun.

PL-3

PLAY TRACK

NEW PL-4

Build your own Train set – there's a station, a bridge, roads, signs, trees, figures, buildings and 22 lengths of Playtrack to accommodate your "MATCHBOX" 75 train which is included in the set. Plus of course the farm, with animals and the large car parking area for your "MATCHBOX" 75 model, make Playtrack such fun.

NEW! NEW! NEW!

MATCHBOX®

Skateboarder

SG-2

You can use all your skill to make the Skateboarder twist and turn as it skates around the moving circuit at speed, controlled by yourself with two forward speeds – slow for the beginners and fast for the experienced – plus reverse to negotiate circles.

(Batteries not included).

Steer-n-Go

SG-1

Drive the "MATCHBOX" 75 car model around the moving roadway controlling your speed through the gearbox (two forward and one reverse gears) and using all your skill at the steering wheel to keep on the road.

(Batteries not included).

NEW

MATCHBOX®

Powertrack

"MATCHBOX" Powertrack Slot-Car Racing is designed to give you a perfect balance between cars, track and controls – that is why it's called "Power Balanced Racing". Powertrack brings you extra features

Extra Performance – from precision built model racing cars

Extra Control – from precise hand speed controllers

Extra Value – from realism and easy operation

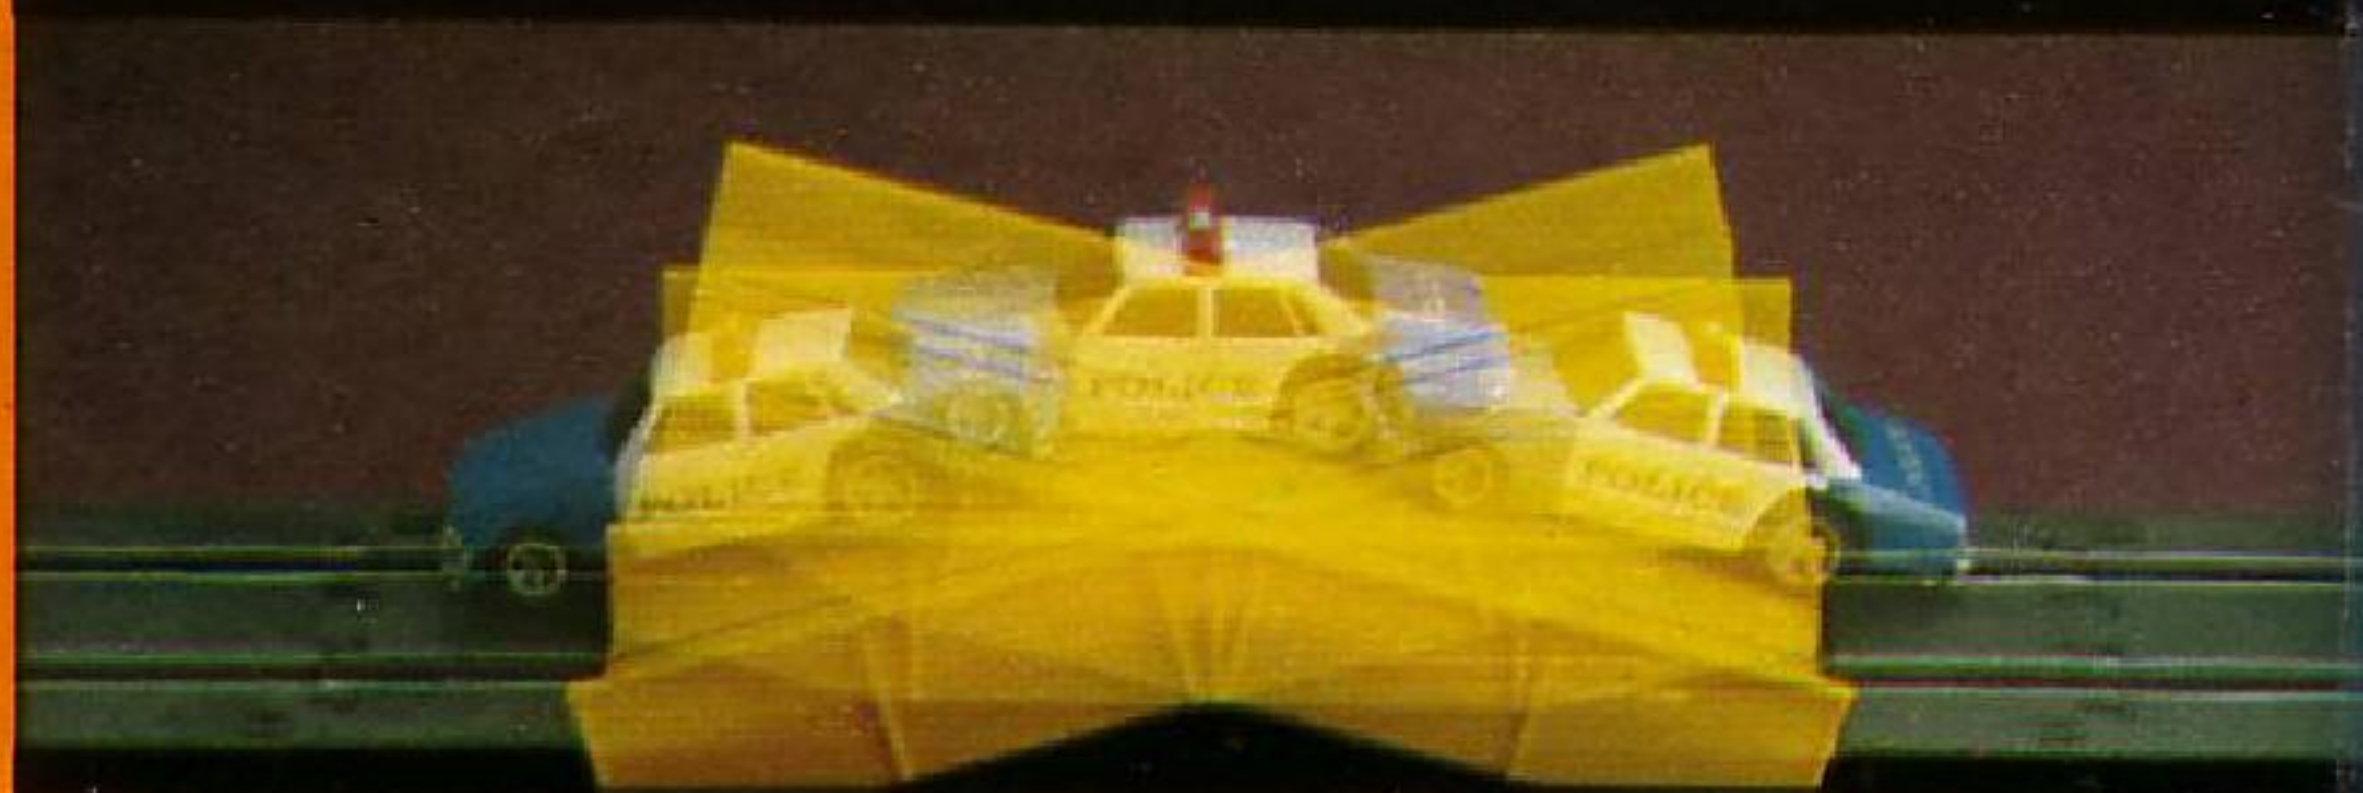

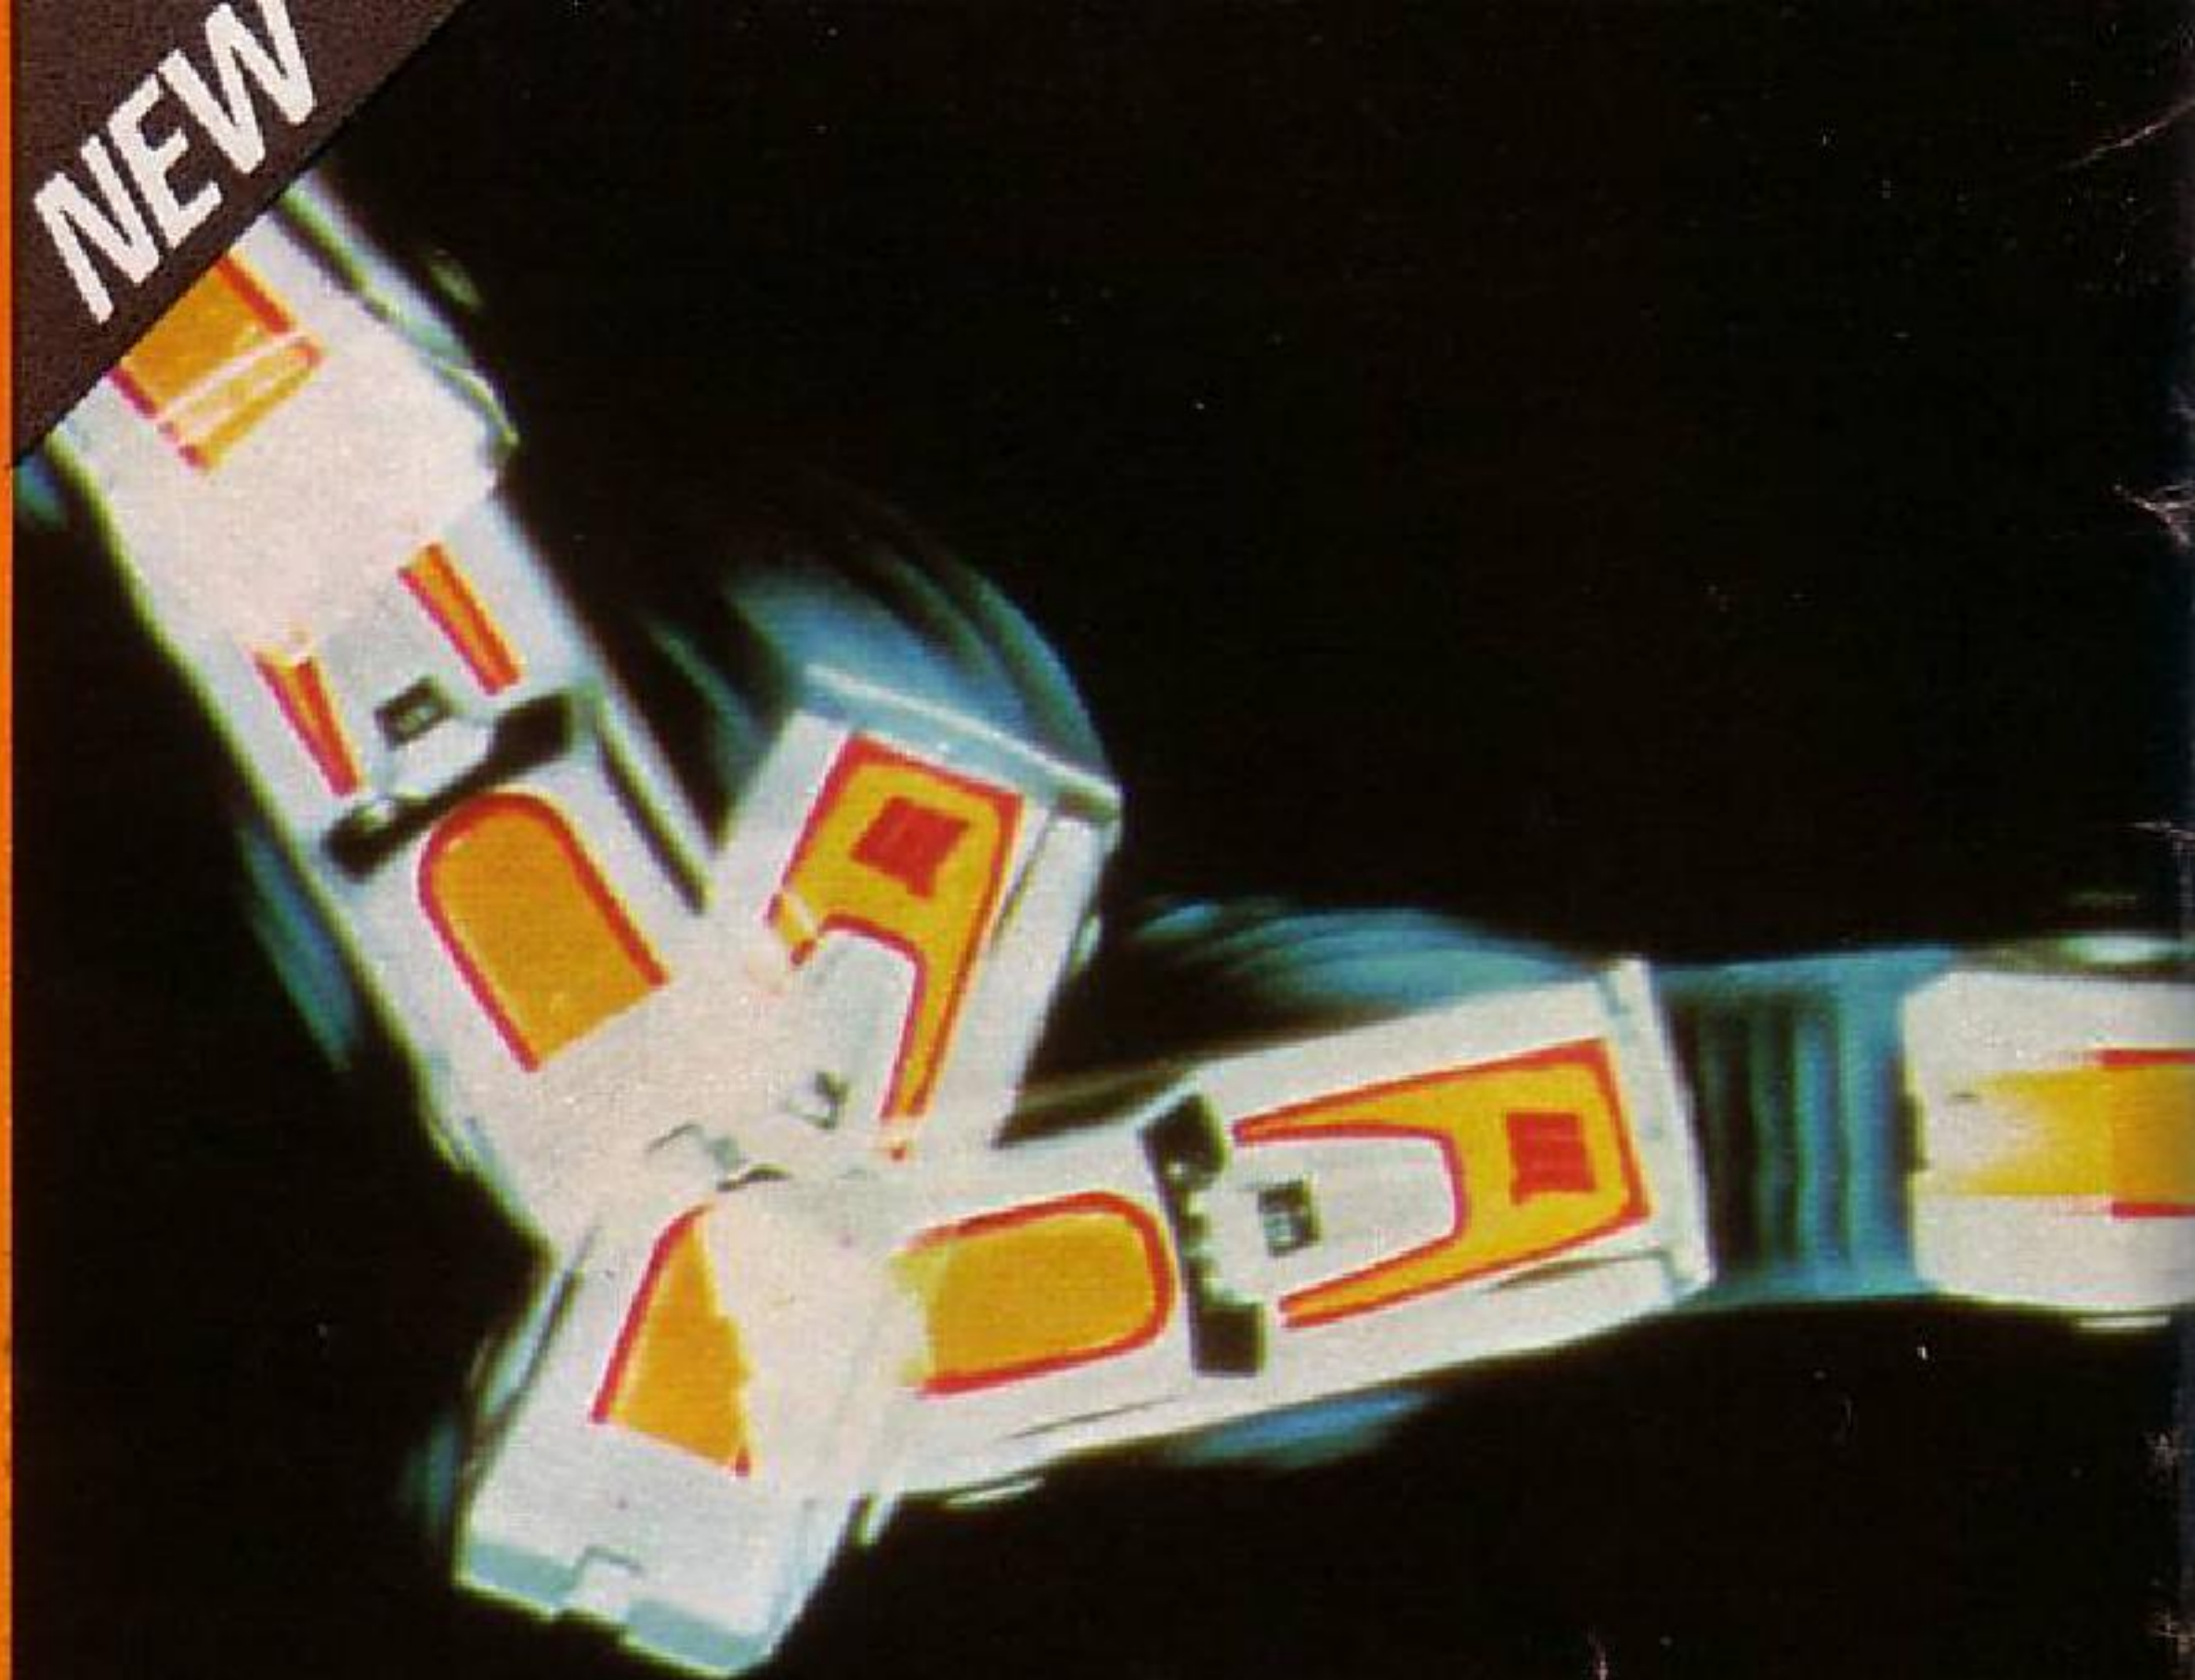

There are five Powertrack sets available, PT-1000, PT-2000, PT-3000, PT-4000 and PT-6000 – full details are in the "MATCHBOX" Powertrack Catalogue.

NEW PT-6000 Race-n-Chase

New "MATCHBOX" Powertrack Race-n-Chase is the only one of its kind!

- * You can actually do "U" turns and reverse your travelling direction which makes racing and chasing doubly exciting.
- * And, to add to the thrills, you can use the Topple Bridge to trap the other car and force it to double-back on its track!
- * And, the cars have working lights – the warning light on the police car works!
- * Includes 4.2 metres (14 feet) of track.

MATCHBOXTM

Powertrack

Lanechanger Car Racing

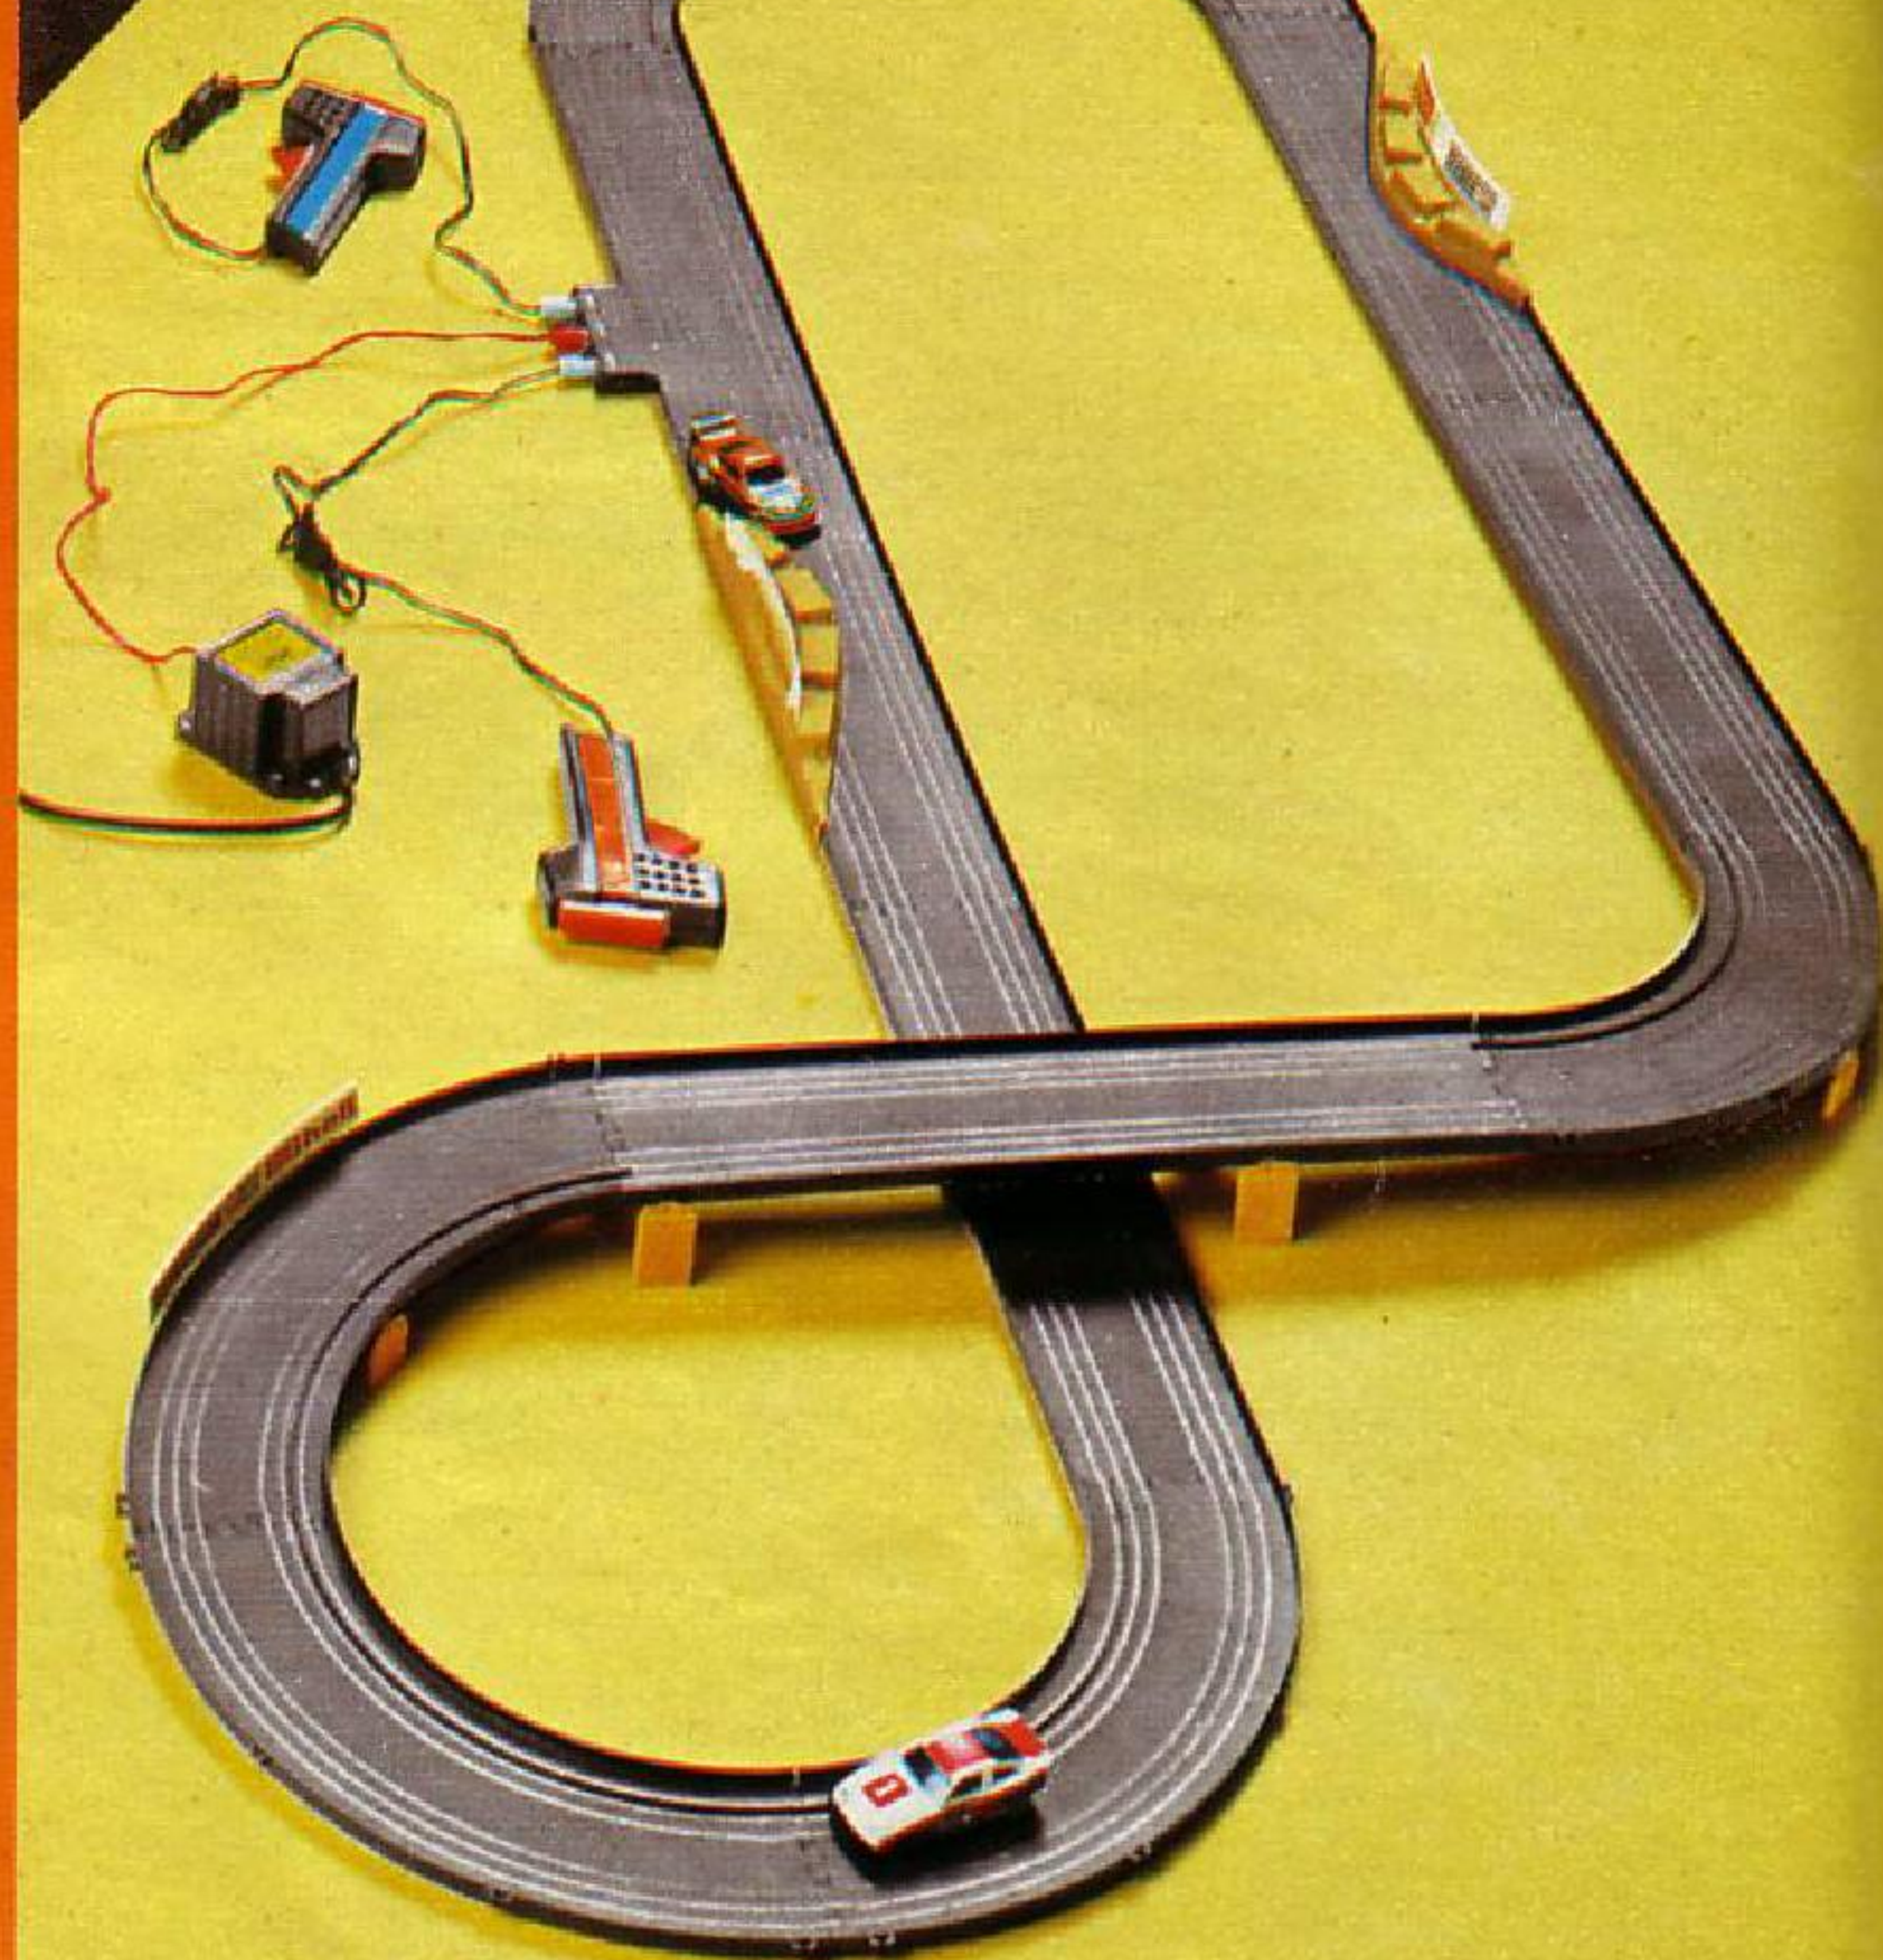

Brand new, exciting and unique – “MATCHBOX” Powertrack Lanechanger will steer you to victory because the cars really do steer and change lanes so you can actually overtake or block your race opponent. Plus – you can hug the inside of the curves to take advantage. The circuits are easily assembled and all wires and plugs are colour coded for safety. Powertrack Lanechanger sets include Power Pack and are ready to race.

It takes a lot of time and practice before real racing drivers are ready to tackle the really difficult circuits – and so it is with model car track racing.

NEW LC-1000 Lanechanger

is the ideal way to start. Included in the set are two GT racing cars, 4.1 metres – 13½ feet of track, a Power Pack, a pair of hand speed-controllers, crash barriers with racing posters and track supports. The set can be assembled in several alternate track layouts.

NEW

NEW

Powertrack Lanechanger™ 2000 set (LC-2000) is the long tough race, with 7.6 metres – 25 feet – of track, and two Super GT racing cars, plus a “Trap Diversion Track” to provide real excitement. Also included are Power Pack, a pair of hand speed-controllers, crash barriers with racing posters and track supports. This set can be assembled into many alternate track layouts.

KITS

The range of "MATCHBOX" plastic construction kits provides a large choice for every modeller. The 1979 range will consist of a total of 190 items. Of these, 133 models are in the "MATCHBOX" range of aircraft, ships, armoured fighting vehicles, cars and military vehicles and 26 will be new subjects introduced during the year. The remaining 57 models are in the new "MATCHBOX" A M T range of trucks and trailers, classic and modern cars, vans and pick-ups-together with "Star Trek" space kits. The 52 page 1979 "MATCHBOX" Kit Catalogue contains full details of the entire range.

MATCHBOX®

KITS

NEW MODELS

Corvette

In all, this kit will consist of almost 1,000 pieces to assemble and the made up model will be 875mm long.

Many of the 26 new models selected for 1979 introduction are original subjects that have never before been modelled or have not been available in the particular scale.

All the "MATCHBOX" Kits are of the highest quality and you can experience the satisfaction of assembling an authentically detailed scale model kit backed by the "MATCHBOX" name.

NEW

Authentic detailed models

"MATCHBOX" have produced scale models for over 25 years and the experience gained in producing only the best shows in the large kit range.

Both "MATCHBOX" and A M T kits are engineered from original drawings and incorporate the finest detail and scale accuracy. Many of the kits when assembled look great even without painting, and most come with a comprehensive decal sheet.

The "MATCHBOX" military sets come complete with the unique battle scene diorama, many of the aircraft kits include a multi-positional display stand and many kits have working features.

All this enables the modeller to achieve a really authentic detailed scale model.

KITS

Range and Choice

There are seven colour coded ranges from which to choose your "MATCHBOX" kits. The chart shows the variety of subjects and choice of scale. The colour code denotes a price range – all kits within one colour code are sold at the same price. Remember – full details are in the 1979 Kit Catalogue.

Also available: "MATCHBOX" Playkits give real action packed play value in a snap-together kit.

- PK-1001 Counter Attack
- PK-1002 Rocket Launcher

NEW

The new "MATCHBOX" A M T plastic construction kits now provide an even wider range of large scale authentic models of action subjects. The range of 57 kits, some of which are in 1/16 & 1/25 scales, introduce commercial trucks and trailers, classic and modern cars, vans and pick-ups – plus kits based on the exciting Star Trek theme.

Full details are included in the 1979 Kit Catalogue.
